

## PINCHOT REFUSES ANY INTERVIEWS

DEPOSED CHIEF FORESTER AT HIS DESK TODAY.

### HISTORY OF THE TROUBLE

That Has Caused the Discussion Which Has Led to Taft's Action.

[BY ASSOCIATED PRESS.]  
Washington, D. C., Jan. 8.—Gifford Pinchot, who has been dismissed from his position as chief forester, refused this morning to make any statement. He was at his office early and entered upon the closing up of his work. Pinchot was a personal friend of Theodore Roosevelt and a champion of his conservation policy. The effect of his summary dismissal has caused much speculation in political circles. It seems to be the unanimous conclusion that there is a great fight on hand between various factions.

Pinchot last night surrounded his office to George P. McCabe, solicitor of the agricultural department. Scores of employees gathered in the assembly room to bid him good bye, and cheered him enthusiastically. He soon after left the building.

The many callers at the White House today frankly broached the subject of Pinchot's dismissal. The President is reported by several visitors as but little concerned over the political result of the affair.

To one he is reported to have said with emphasis that even such a situation could not be concealed as his action yesterday, notwithstanding his departure from the White House today he would not and could not have done otherwise.

This is the story of the Ballinger-Pinchot row.

It began with the refusal of Richard A. Ballinger, within a few weeks after he became secretary of the interior on March 6 last—to withdraw from entry certain small portions of the public lands for so-called ranger sites, at the request of Gifford Pinchot, chief of the forest service.

When the Taft regime began, Ballinger replaced Secretary Garfield in the interior department. Chief Forester Pinchot had recommended to the interior department for withdrawal, as ranger sites, small tracts in the public domain, outside of the forest reserves. There had been no difficulty under the Roosevelt administration, but when the first batch of these proposed withdrawals, located in the states of Washington and Oregon, reached Secretary Ballinger, he refused to approve them. This was the beginning of the row.

Before the ending of the row with a friendly clearing away, somebody discovered that Secretary Ballinger was hard at work restoring to entry millions of acres that Roosevelt and Garfield had withdrawn only a short time before. Out of the west came a chorus of disapproval. Ballinger continued his restoration, until the matter was called to the attention of President Taft, who decided in favor of Pinchot.

This brought the Ballinger administration down to August, 1909, and then through the lowering clouds there flashed, with a thunderous report, the Glavis charges, regarding the Cunningham claim in Alaska.

The Cunningham claims, near Katalla, Alaska, cover thirty-three coal entries comprising 5,280 acres. A report made by the claimants' experts says that they contain over 6,000,000 long tons of bituminous coal, much of which could furnish 4,000 horsepower available for hauling, lighting and working the mines.

These claims had been under investigation for more than a year when they were turned over to L. R. Glavis, chief of the field division of the land office at Seattle, for investigation in December, 1907. Special Agent H. T. Jones reported that in his opinion the entries were suspicious, and he believed were fraudulently made in the interests of the Guggenheim mining syndicate.

When Glavis was informed of the clear title of the Cunningham claims for patent he entered protest and the action was suspended. On March 3, 1908, Ballinger, then commissioner of the general land office, had appeared before the house committee on public lands in relation to a bill introduced by Delegate Calvo of Alaska. The Calvo bill provided for the consolidation of the public lands on Alaska coal lands. Commissioner Ballinger showed considerable familiarity with "thirty-three entries on Alaskan coal lands, embracing 5,280 acres near the Katalla river in the Katalla district." He urged legislation permitting the consolidation of the entries. The committee disregarded his suggestion.

## INSURGENTS HAVE ALL PREPARATIONS READY FOR FIGHT

Will Make Direct Attack Upon Cannon and His Ruling When Time Comes.

### HISTORY OF THE TROUBLE

[BY ASSOCIATED PRESS.]  
Washington, D. C., Jan. 8.—Another fight between the insurgents and the house organization has been precipitated by the action of the senate committee on public lands today rejecting a resolution authorizing the appointment by the vice-president and speaker of the joint committee to investigate Ballinger-Pinchot controversy.

The supporters of Speaker Cannon today deny the insurgent victory yesterday was a triumph over Cannon. They say the resolution was one desired by the president and that the speaker was no way concerned in its preparation and was personally glad to be relieved of responsibility of naming the investigating committee.

On the other hand Norris, of Nebraska the insurgent author of yesterday's amendment taking away from the speaker the right to name the committee, had no doubt the vote showed a lack of confidence in Cannon.

The regular republican organization of the house have decided to practically ignore the committee and make a final fight when the insurgents for the house to choose the methods of investigation. They expect them to muster sufficient force name to practically name committee which would have been chosen had the speaker been left to make the selection.

## MADISON MAN HAS ACCEPTED POSITION

Albert Barton to Succeed John Hannan as La Follette's Private Secretary.

### HISTORY OF THE TROUBLE

[BY ASSOCIATED PRESS.]  
Madison, Wis., Jan. 8.—Albert O. Barton of this city, for many years identified with Madison newspapers and for several years past editorial writer on the Wisconsin State Journal, has accepted the position of private secretary to Senator H. M. La Follette. Mr. Barton is of Norwegian descent, a graduate of the University of Wisconsin with the class of 1890 and holds from Chicago, this county, where the senator's son was born.

Col. J. J. Hannan, who has been private secretary to Mr. La Follette since the latter was governor, becomes committee clerk, succeeding Walter Brown, who has recently opened a law office in Madison.

The supporters of Speaker Cannon today deny the insurgent victory yesterday was a triumph over Cannon. They say the resolution was one desired by the president and that the speaker was no way concerned in its preparation and was personally glad to be relieved of responsibility of naming the investigating committee.

## STEPHENSON WAS GIVEN A CHANCE

TO RELATE DEALINGS WITH LA FOLLETTE CROWD.

### HISTORY OF THE TROUBLE

[BY ASSOCIATED PRESS.]  
Milwaukee, Jan. 8.—The deposition of Senator Isaac Stephenson in the \$200,000 Thompson-Hick suit, growing out of the last primary campaign in Trempealeau county, was taken before John A. McCormick in the offices of Frost & Frost, Wells building, at 2 o'clock yesterday afternoon. Edward Leach of Wobler & Leach, Winona, Minn., appearing for Assemblyman Twiss, and former Attorney General James L. O'Connor for Mr. Ekern, both of the principals were present. Mr. Stephenson stopped in Milwaukee to give his testimony and left last night for Chicago, whence he will proceed today to Washington.

The Hick suit is based on articles published in Trempealeau county newspapers during the primary campaign which Mr. Ekern regarded as impeaching improper motives to aim at statements that he received \$1,000 from Mr. Stephenson for the La Follette campaign for the presidency.

Senator Stephenson testified that Mr. Ekern did solicit him for a campaign contribution to the La Follette cause; that Mr. Ekern and State Treasurer A. H. Dahl called on him in Marinette and that he personally handed Mr. Ekern \$1,000 for the fund.

Asked for \$25,000. Afterward he testified that Mr. Ekern went to Washington to see him and pleaded with him until 11 o'clock at night in an effort to induce him to give \$25,000 to the La Follette presidential campaign fund. He testified that he turned him off by saying he would contribute something for the headquarters at Chicago and that later he sent Mr. Ekern another \$1,000 for that purpose.

Mr. O'Connor, on cross-examination tried to make out that Senator Stephenson's memory was not good and that if he had certain letters he claimed to have from Mr. Ekern he had not the courage to produce them. This attempt at the Marinette senator somewhat, and he replied:

"I have a stack of letters that high (over a foot) which will be forthcoming in due time and which will make some people in this state sit up and take notice."

When the attorney was trying to establish the time of the break between the senior and junior senators from Wisconsin, Senator Stephenson testified that he had supported Senator La Follette in his reform program consistently until the time came, as he believed, to enforce the laws already placed on the statute books instead of chasing off in the effort to put other new laws and new issues for campaign purposes.

"They broke with me," he said "when I refused to give a quarter of a million dollars for the La Follette presidential campaign fund—they had no use for me after that."

Gave Liberally to Cause. When asked how much he had contributed toward the progressive movement in Wisconsin, Senator Stephenson placed the amount at more than \$500,000. An attempt was made to show that this amount was due to the paper he had established, but the senator testified that money wasn't for the Free Press—that only a part of it was for the Free Press. The senator added that if he had been in the Free Press he would have been any reform in Wisconsin.

In describing the scene in his room at the Park hotel when someone telephoned that, Lieut. Gov. Connor had pulled two votes out of the republican caucus and had prevented Hutton's nomination, Senator Stephenson said A. L. Rogers, Senator La Follette's law partner and the present national committee man from Wisconsin, threw up his hands and shouted: "God bless Connor; God bless Connor!"

The former attorney general then asked: "I suppose you also blessed Connor when it was all over and you were elected?"

"No, I don't go off half-cocked like that," was the reply.

A further spate of fun was given the proceedings when the veteran man of affairs was asked if he had not taken sides with A. T. Twiss and against H. M. La Follette because of a letter Mr. Ekern wrote attacking the junior senator. The senator looked out of the window, across the vista of business blocks, public buildings and manufacturing of busy Milwaukee, and replied:

Not Bothered by Trifles. "Looking out over this beautiful city I must say the world goes too fast for anyone to pay any attention to a little thing like that—I paid no attention to it. If I paid attention to trifles like that I'd be mad all the time."

When other efforts were made to show a plea on Senator Stephenson's part toward the present assemblyman from Trempealeau county and against the former assemblyman, Senator Stephenson suddenly straightened up and said:

"I want to inject into the record this statement: William H. Taft is the best president this country ever had—that is my firm conviction."

At the conclusion of the deposition, Mr. Ekern stepped up to the senator and asked him for having said that Mr. La Follette was not sincere in his support during the senatorial fight before the legislature. He said that this did Senator La Follette a great injustice and intimidated Senator Stephenson. "I am old enough to know what I am talking about."

Is Very Low: Miss Anna McNeill's mother, who suffered a stroke of paralysis at her home in Sharon last Saturday is very low and is not expected to live.

## COMING WEEK WILL FURNISH MUCH NEWS

Canada To Discuss Navy Question—Election in England and Criminal Trials and Aviation Meet.

### HISTORY OF THE TROUBLE

[SPECIAL TO THE GAZETTE.]  
Washington, D. C., Jan. 8.—The week gives promise of much interesting news furnished by a wide variety of happenings in many parts of the world. The situation in Nicaragua is still regarded as interesting, while nearer home there will be the proceedings in Congress with possibly further developments in the Ballinger-Pinchot controversy. In Canada the Dominion parliament will resume its session, following the Christmas recess, and will at once take up the much-discussed navy bill. It is expected the discussion over this measure will be the most important ever held in the Canadian parliament, the point at issue being whether Canada shall contribute Dreadnaughts to the British navy or start a navy of its own.

Election in England. The coming election campaign in Great Britain will attract public attention on the other side. The polls will commence Friday and will increase in number day by day. It is expected the result of the election will be pretty clear by January 21, though the whole of the seven and a half million electors will not finish polling till Jan. 28.

Boston will hold its first election Tuesday under its new plan of city government, one of the principal features of which is the nomination of candidates by petition. With four candidates in the race for mayor, the campaign has been one of the most exciting ever witnessed in the hub.

Criminal Trials. Criminal trials will feature prominently in the news of the week. Mrs. Jeannette Stewart-Ford, who is charged with blackmail in connection with the \$643,000 embezzlement from the Big Four railroad by C. L. Warriner, is to be placed on trial in Cincinnati. The trial of Patrick Calhoun, millionaire president of the United Railways, charged with bribery, is scheduled to be resumed in San Francisco Monday.

Dinger Hermann, ex-congressman and for years a prominent factor in North-west politics, will probably be put on trial in Portland for conspiracy to fraudulently obtain government lands. Following the trial of Hermann, others indicted on the Oregon land fraud charges will be put on trial.

Election Of Senator. Balloting will begin in the Mississippi legislature for United States senator to fill the place made vacant by the death of Senator McArthur. During the week the legislatures of New Jersey, South Carolina and several other states will convene.

Aviation Meet. The international aviation meet in Los Angeles and the meeting of the board of stewards of the Grand Circuit in Detroit will be among the events of interest to followers of sport.

GRAFT TRIALS MAY NEVER BE RESUMED

Prosecution Of Patrick Calhoun, Frico Traction Magnate, Will Probably Be Dropped.

[SPECIAL TO THE GAZETTE.]  
San Francisco, Cal., Jan. 8.—Although the trial of Patrick Calhoun is scheduled to be resumed next Monday, doubt exists in the minds of many persons as to whether or not the millionaire president of the United Railways will ever be pushed to a definite end. Calhoun was one of a score of wealthy corporation officials indicted as an outcome of the municipal upheaval of 1907, when the administration, dominated by Mayor Eugene L. Schmitz and Abraham Ruef, was overthrown. The specific charge made against Calhoun and other indicted officials of the United Railways was that they had paid Ruef, Schmitz and the supervisors \$200,000 for their services in securing a permit for the company to substitute the overhead trolley system for the cable lines partially destroyed by the earthquake and fire of April 18, 1906.

The previous trials of Calhoun ended in disagreement of the jury. District Attorney Henry, who vigorously continued the prosecution, is no longer in office, and the element that won out in the late election is opposed to the prosecutions. General opinion is that any individual effort to continue the prosecutions, if there be any expected, is not likely to be successful.

MONSTER AUTO SHOW OPENS IN NEW YORK

Greatest Display Of Autos, Motorcycles and Accessories Ever Held In U. S.

[SPECIAL TO THE GAZETTE.]  
New York, Jan. 8.—Following six months of active preparation, the tenth national automobile show opens in Madison Square Garden this evening, to continue through the coming week. The exhibits this year are more numerous than ever before. They comprise a total of 222 displays, of which there are 51 exhibits of complete cars, besides 216 exhibits of accessories and parts and 23 motor cycle exhibits.

Secretary of Embassy Sails For America To MARRY NEW YORK BELLE

[SPECIAL TO THE GAZETTE.]  
London, Jan. 8.—William Phillips, secretary of the American embassy in London, sailed today for New York. On January 17 Mr. Phillips is to be married to Miss Caroline Astor Drayton, daughter of J. Coleman Drayton of New York. Soon after the wedding he will return to London with his bride.

## UNITED STATES' STATUARY HALL

EACH STATE CAN PRESENT STATUE OF TWO FAMOUS SONS

### HISTORY OF THE TROUBLE

[SPECIAL TO THE GAZETTE.]  
Washington, D. C., Jan. 8.—All arrangements have been concluded for the unveiling next Tuesday of the handsome statue of General Lew Wallace presented to Statuary Hall in the Capitol by the State of Indiana. The statue, which is the work of Andrew O'Connor, the American sculptor, is slightly over life-size, and, with the pedestal, stands about ten feet high. The base is a square block of Indiana limestone, and bears the inscription: "Lew Wallace, Soldier, Author, Diplomat."

At the unveiling exercise James Whitcomb Riley "The Hoosier Poet," will read an original poem. William Allen Wood will present the statue in behalf of the commission, and Governor Marshall will accept it in behalf of the State. Addresses are expected from Senator Beveridge, House in Mazin Bay, the Turkish ambassador, and W. H. Andrews, the delegate in Congress from New Mexico.

The statue of General Wallace is one of five to be placed in Statuary Hall this winter. Virginia recently placed in the hall statues of Robert E. Lee and George Washington. South Carolina has sent a statue of John C. Calhoun, and Idaho has placed in the hall a statue of George L. Shoup, who represented that State in the United States senate from 1890 until 1901.

## JOHNSON MEMORIAL MAY BE SUITABLE

Committee Will Spend \$25,000 In Erecting Fitting Monument To Late Minnesota Governor.

### HISTORY OF THE TROUBLE

[SPECIAL TO THE GAZETTE.]  
St. Paul, Minn., Jan. 8.—The commission in charge of the plans for the erection of a memorial to the late Governor John A. Johnson held its first regular meeting today in this city. Several suggestions in regard to the memorial were discussed, some of the members of the commission are understood to favor the erection of one large memorial in the State Capitol, while another element has suggested the creation of two memorials, one in the Capitol, the other in St. Peter, which was the home of the late Governor. It is expected the memorial fund will reach a total of \$25,000.

WATERFOWL.  
Philip Rous, City.—Best Goose. Large rose vase.  
TURKEYS.  
W. W. Day, City.—Best Bronze pair. One dollar cash.

## TWO OLD RESIDENTS OF COUNTY ARE DEAD

(Continued from Page 5.)

John Drafahl of This City Summoned Early This Morning.—Mrs. Fein of Shoplows Passed Away.  
John Drafahl, for forty years a resident of Rock county, who has made his home for the past ten years in this city, died this morning at three o'clock at his home, 1017 Olive street, after an illness of two weeks' duration. Death was caused by an abscess. The deceased was nearly seventy-one years of age, being born in Sulz, state of Mecklenburg, Germany, April 1, 1839. At the age of twenty-seven years he came to America, to Milwaukee, where he remained six years. He then moved to the town of Center in Rock county to engage in farming and followed that occupation for thirty years. He retired and moved to this city about ten years ago. Mr. Drafahl was married to Hannah Merrill, April 1, 1866. To them were born five children, four daughters and one son, who survive him. They are: Mrs. John Drafahl, Mrs. Paul Lucht of this city, Mrs. William Therman of Milton, Mrs. Alfred Stroh of Rockford, and August Drafahl of this city.  
Mr. Drafahl was an energetic, enterprising and successful farmer and a good citizen. To his family he was a kind and loving father and a devoted husband. He has a large circle of friends who mourn his loss deeply.  
The funeral will be held Monday afternoon at two o'clock from the late home and at two o'clock from Saint Paul's Lutheran church, Rev. Koerner officiating.  
Mrs. George Fein.  
Mrs. George Fein, another old resident of Rock county, died this morning at five o'clock at her home in Shoplows, of pneumonia. The deceased was born in Ireland in 1840. At the age of sixteen she came to America and two years later married Mr. George Fein, who at that time was employed in the Hudson mill at Turinville.  
Mrs. Fein died nine years ago. She is survived by three daughters and three sons, Mrs. Alice Wheeler, Mrs. Esther Hlzel, Walter and Samuel Fein, all of Shoplows, and William Fein of Janesville.  
She was a kind and loving mother and a highly respected citizen. The funeral will be held at Shoplows Monday afternoon.  
Miss Susan Snell.  
At two o'clock from the home of Mr. and Mrs. Guy Wheeler, 118 Milton avenue and at half past two o'clock from the United Brethren church, the obsequies of the late Miss Susan Snell were held this afternoon. Rev. L. A. McIntyre conducted the services, many relatives and a large circle of friends attending. The casket was covered with beautiful flowers. The remains were taken to Oak Hill chapel and short services were held there. The pallbearers were, E. H. Parker, William G. Wheeler, Louis Shorman, and Peter Jamison.  
BRODHEAD.  
Brodhead, Jan. 8.—Next Friday evening the local Eastern Star lodge will have installation of officers. A full attendance is desired.  
Mrs. H. D. Muddock was a passenger to Chicago on Friday for a few days' stay.  
Mr. and Mrs. Wm. Harty of Soldiers' Grove were guests this week of Mr. and Mrs. Josiah Foster.  
Pleading services both morning and evening at the Baptist church next Sunday by Rev. Griffin of Chicago.  
Rev. Foster has been laid up the past day or two with lumbago.  
Mrs. George M. Pierce of Madison has been spending a part of the week in Brodhead.  
Mr. George Broughton will leave in a two or two for northern Montana where he will start a bank.  
Thos. Donahue of Montrose, South Dakota, and Mart Donahue of Sioux Falls, South Dakota, were called here on account of the illness of their mother, Mrs. Porter. She is now somewhat better.  
Next Sunday morning Rev. G. N. Foster's subject will be, "How Many Men Become Reconciled With God?"  
F. J. Wright is home from a two weeks' visit at South. Mrs. Wright and the baby remained for a longer stay.  
Rev. Gerrit Verkuys, Presbyterian Synodical Superintendent for Salubritas School Work for the state will preach at the Presbyterian church next Tuesday evening, Jan. 11th at 7:00 o'clock. Subject "Securing and Making Secure." All are invited, especially by Sunday school workers.  
F. L. Scullies has returned from his trip to Pittsburgh and other eastern points. He visited his son Leo and wife and found them well and happy.  
ALBANY.  
Albany, Jan. 6.—Revival meetings are being held in the Baptist church and owing to the bad roads and storms they are not attended by a great many. Robert L. Dunlap of Chicago is the evangelist.  
Miss Ellenbeth Stoddard of Janesville, who taught in Albany a number of years ago, was here last Friday evening to help entertain and enjoy the watch meeting at the Baptist church.  
Mrs. Florence Millard of Kenosha who taught in the Baptist church here, visited her parents, Mr. and Mrs. Ed. Phelps, during the week.  
Mr. and Mrs. S. A. Luen returned Monday from a visit at Belleville and Madison.  
John Fitzgerald, principal at Bagley, enjoyed part of the holiday vacation at Albany.  
Miss Flossie Moar of Brodhead spent Sunday here.  
One local train did not get through yesterday on account of the storm and drifted round, but today it came through about eleven. We are in hopes of hearing the whistle on time after today.  
A. B. Bennett transacted business in Monroe Monday.  
The University students from here, Miss Flossie Morgan, Robert Smith, Clayton and Charlie Hart, and Marian Phelps all returned to their duties at Madison Monday.  
Mr. and Mrs. E. L. Edwards and Anson Edwards returned today from a week's visit in Albany where they visited friends and relatives.

## FRACTURED BOTH ANKLES ON A MADISON SIDEWALK

Mrs. Oscar Gunderson of Montrose, Victim of Painful Accident Last Tuesday.

[SPECIAL TO THE GAZETTE.]  
New Chicago, Jan. 6.—Mrs. Oscar Gunderson, of Montrose, while in Madison on Tuesday in company with her mother and sister, had the misfortune to fall on an icy sidewalk and fractured both bones above the ankle. She was taken to the city hospital where the fractures were reduced. Her mother is remaining with her at present.  
Messrs. and Mesdames S. A. Schneider, A. Schlatter, S. H. Luchinsinger, Dr. H. Hooley and M. E. Solbra were entertained by Mr. and Mrs. Paul Altman at Montrose over Sunday.  
Miss Fannie Ott and Joe H. Hooley were guests of Jacob Vogt over Sunday.  
Mr. and Mrs. J. M. Schindler returned home from their Christmas visit with the lady's parents. They report of being snowbound for a day at different places on their way home.  
Rev. Roth and Werner Zentner were at Freeport on Monday where they visited with Henry Luchinsinger there. They report that Mr. Luchinsinger is improving some.  
Mrs. Jos. Altman has moved her household goods from Montrose to this place.  
A large crowd attended the wedding reception of Fred Zunker and Miss Rosa M. Ducent of this place which was held at the Martys hotel.  
Doctors Staley and White of Freeport were summoned to attend to Mrs. Casper Zentner who is in a critical condition with appendicitis.  
Ed. Zwickey and John Kundert were at Freeport, Beloit and Janesville transacting business this week.

water investment they have in the ten years had up a surplus of \$8,824,230.  
The Sheffield Farms-Shawson-Docker company, with an issued capital stock of \$262,000, besides paying 15 per cent on the investment last year to date this year, have paid 22 per cent on the stock.

Capt. Aaron Ward, U. S. N.

Washington.—Capt. Aaron Ward, U. S. N., has reached the goal of his life's ambition. He became a rear admiral on January 1. Capt. Ward was recently supervisor of the New York Harbor and his career has won him merited promotion. The secretary of the navy has just appointed him an "Aid for Inspection."

Hogs—Different grades, 8.50@8.75.  
Steers and Cows.  
Steers and cows—\$3.50@4.50 per 100.

## TOO LATE TO CLASSIFY

WANTED—A woman for general housework. 329 North Jackson St.

May Fill Next Vacancy on the Supreme Bench—Justice Horace E. Deemer of Red Oak, Iowa.

Republicans of the state of Iowa, from Governor Carroll down, are back of Justice Horace E. Deemer of Red Oak for the supreme court of the United States should another vacancy occur.  
When the president was casting around for a successor to the late Justice Peckham, Justice Deemer of the Iowa supreme court was brought forward as a candidate. While the plan went to Judge Lurion it is admitted that Deemer was made popular with the administration.  
With four men on the supreme bench who have passed the age limit, when they can retire gracefully on a pension for life, it is more than likely that President Taft will have the thing of other vacancies during his administration and plans are being laid by Iowa friends to see that Justice Deemer is selected.

Unfortunate Guatemala.  
Guatemala is a corruption of an Indian word meaning "a land covered with trees." Like so many of those Spanish-American states, nature seems to have been lavish in her provision, while the inhabitants have failed to profit by her generosity. While Boston was in its infancy Guatemala, the capital city, had 100,000 inhabitants and was the home of learned men, with schools of theology and science. Yet today there are only 400 miles of railway in the country, and it takes as long to go from Guatemala City to Totonicapan, the next largest town, only 100 miles away, as it does to travel from New York to San Francisco on an express train. So much for the policy of "matanza." The possibilities of the country would be great were they not yoked to the present conditions.

Opposed Taking of Census.  
The first census in history was that taken of the Jews by David, who counted all males over 20 with their cattle. The procedure aroused the wrath of the people and it was currently believed that God punished the race for the impiety involved. Later censuses were quite as unpopular, and even in America in the eighteenth century a great deal of opposition to the scheme was caused by the government's proposal to count heads. Gov. Hunter of New York, in 1712, attempted to make a census, but abandoned the idea after he had it well started. A few years later the New Jersey government attempted the same task, but also gave it up because of the opposition among the people, who still cling to the belief that the Almighty objected to the enumeration.

## EARLY CLOSING

We close at 8 p. m. every evening except Saturday during the months of January, February and March.

This step was taken by the druggists of Janesville to give themselves and their clerks an opportunity for much-needed rest and recreation. Do you realize that a druggist spends from twelve to sixteen hours every day with his business, and eight hours on Sunday. We heartily endorse the early closing movement, and hope for the earnest support and cooperation of our customers.

## Reliable Drug Co.

Quality first, last and always.

## BE SURE TO CHOOSE THE BEST SCHOOL

When choosing a school you should be extremely careful.

Bear in mind from the very beginning, that knowledge costs money and any person's earning capacity is measured by his ability to "DO THINGS," accurately, quickly and practically. Therefore, you should realize that a practical course of training should be purchased but once and then in as short a time as possible, consistent with thoroughness. The teacher's capacity as an instructor should not only be measured by his knowledge, but also by his ability to impart that knowledge to others.

You should know the value of the institution as measured by the business man from an educational standpoint, from a business standpoint, and from his estimate of your fitness to meet his requirements.

## THE SOUTHERN WISCONSIN BUSINESS COLLEGE

enjoys the confidence of the business man and public at large from EVERY standpoint. Your opportunity for securing employment after completing our course and your receiving full measure in salary for services rendered are unequalled.

## Every Graduate Placed or Tuition Refunded SELECT A SCHOOL WITH

## Broad and Practical Courses of Study Experienced and Well Qualified Teachers Complete and Modern Equipment High Standards of Graduation

Our famous Chartier Shorthand can be learned in HALF THE TIME required to learn any of the older systems, WRITTEN fifty per cent FASTER and READ fifty per cent EASIER. Why spend three months on theory when our students spend three weeks? Our school is the only one in this part of the state affiliated with the Wisconsin Commercial Educators' Association, the highest standard of business education in Wisconsin. We were the first to introduce the use of the Burroughs Adding Machine for the work of our Advanced Office Practice. The Success of our Graduates is ample proof of the superior ability of our teachers, far more than the addition of any number of letters to their names. INVESTIGATE THE RECORD OF THE SCHOOL THAT "MAKES GOOD," THAT PLACES EVERY GRADUATE OR REFUND TUITION.

Don't Forget Our Evening Classes Monday, Tuesday and Thursday, 7:30 to 9:30. DON'T WAIT FOR ANY PARTICULAR DAY. EVERY DAY IS ENROLLING DAY.

Our Opening for 1910 was the largest in the history of our school. During the Christmas vacation we have had our rooms re-decorated in green and white, added new equipment to accommodate our increased attendance, and we have already begun to make arrangements for still larger quarters to meet the demands of future patronage. Write for our College Journal and free booklet.

BOTH PHONES W. W. DALE, President, JANESVILLE WISCONSIN We employ no solicitors of any kind and ask no student to sell scholarships or contracts of any kind. All such practices are not resorted to by HIGH-GRADE SCHOOLS.

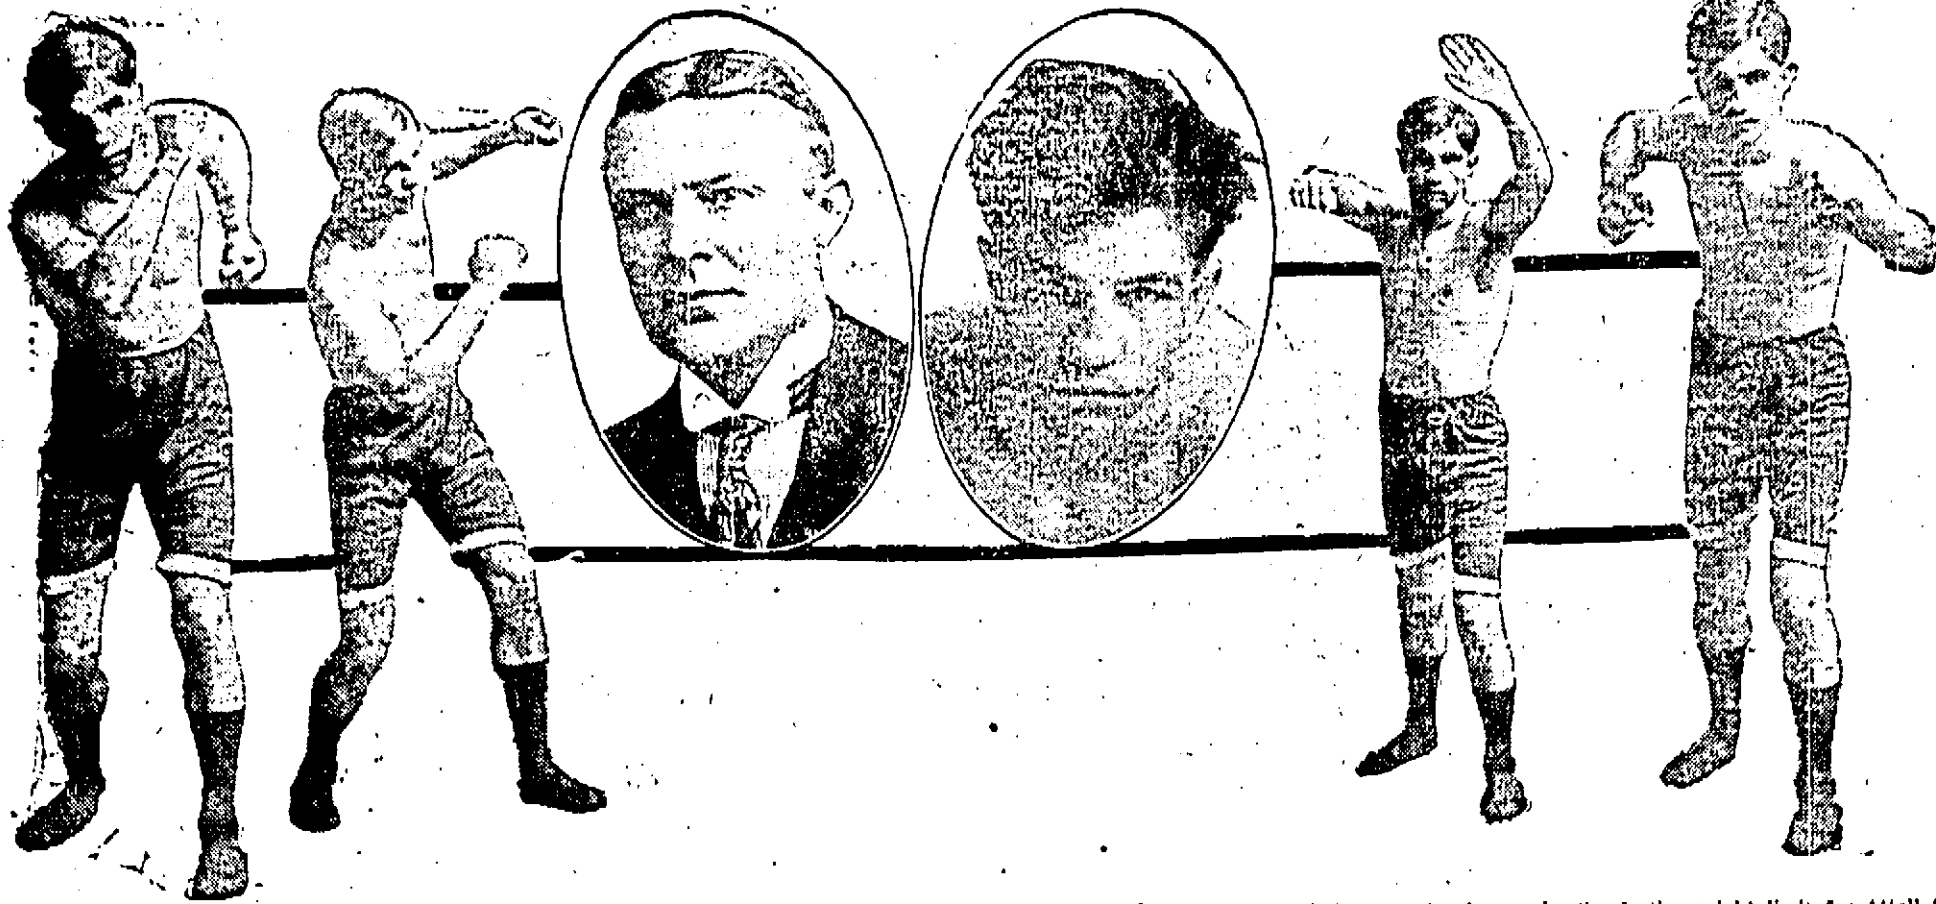

Fine New Residence erected last year for Henry Bull, at the corner of South Jackson street and Western avenue. It contains ten rooms and cost around \$3,000.

PLYMOUTH.  
Plymouth, Jan. 6.—Mrs. Clara Inman and daughter of Clinton visited relatives in this vicinity last week. Mr. and Mrs. Charles Egan and daughters spent New Year's Day with Mr. and Mrs. Wesley Jones of Oriskany.  
Jon Horkenhagen entertained his cousin Emil Bohling of Watertown recently.  
Mr. and Mrs. Hub-Royce and family of Newark spent Sunday with Mr. and Mrs. Wm. Royce and family.

The Philosopher of Folly.  
"The reason auctioneers make money," says the Philosopher of Folly, "is that so many people think it only costs 'em a nickel to raise the other fellow's bid five cents."

After Lightweight Honors.  
AD. WOLGAST.

Grand Rapids, Mich., Dec. 27.—If Battling Nelson, now accredited with being the best lightweight pugilist, keeps his promise, the man who will have the first chance to wrest it from him in many moons will be Adolph Wolgast. The "battler" has promised he will meet Wolgast in January and the challenger is hoping Nelson will see his way clear to keep the promise, rather than give Freddie Welsh the chance to take the crown.

For the past two years Ad Wolgast has been campaigning the country as a featherweight. He got his start in the lightning game in Grand Rapids, Michigan, five years ago but went at

it rather slowly for a while until he landed in Milwaukee, then the hotbed of pugilism. He was ready to take on all comers and the result was never against Wolgast. In his entire career Wolgast has had but one decision given against him that was his third but the when he was ruled a loser by a questionable decision with a young fighter whom he had knocked out in their first meeting.

But it was last summer that Wolgast really came into the limelight. There wasn't much chance for him to meet featherweights and he had been taking on lightweights and giving them plenty of weight but was still able to get away without defeat. Then, last July he was matched to meet Battling Nelson, and they went over the ten

round route. What happened to the champion is history for Wolgast had Nelson outclassed from the start and no one has taken pains to deny this assertion.

Then he came across to meet Lew Powell in November. Powell was counted a coming candidate for constant honors. He had it on Wolgast in weight and was a strong favorite in the betting. But the outcome of that fight is also history. Wolgast made Powell look like a novice and easily won the decision.

Now Wolgast seeks another bout with Nelson. It is easy betting that Nelson will stick out for a long bout. He declares that he knows Wolgast's weak point and can wear him down

in his own inflexible style, that made him a champion. Wolgast went just as fast in the twentieth round of his fight with Powell as he did in the first. If he can keep up the gait in a bout with Nelson the lightweight championship will have a new home at some not far distant date. When the two meet again it will be in one of the greatest battles the ring has ever known. Wolgast is clever, quick as a cat and hits with either hand from any position. At no time is his opponent in a position to get away from his rushing for his blows land with lightning rapidity.

But Nelson is not the only man Wolgast is looking for. Two others, Pacliey McFarland and Abe Attell would be accommodated. Wolgast will make

the featherweight limit for Attell for a championship fight but as yet there is nothing doing in the way of matching the pair. Weight is a trouble maker in this bout also. McFarland will not take anything less than 133 pounds four hours before the fight while Wolgast sticks for three hours before which you will have to admit is still holding some odds by a little fellow who is willing to make 122 for a champion at the Attella title.

Wolgast is being managed by Tom E. Jones who brought Billy Papke into the limelight. Under his tutelage he has advanced by leaps and bounds in the pugilistic world and the manager declares he surely will be the next lightweight champion.

VASSAR GIRL HELPS STRIKING SHIRTWAIST MAKERS.

Inez Mulholland at the wheel of her automobile while actively participating in the shirtwaist makers' strike.

This picture was taken in front of the national headquarters especially for this paper.

(By Special Correspondent.) New York, City.—The present strike of shirtwaist makers has brought to the front a young lady scarcely out of her teens, of whom the world is bound to hear more in the future. Broadly educated, possessed of strong magnetism and a determination to succeed in whatever she undertakes and backed by wealth, Inez Mulholland stands today the champion of woman's rights, whether they are political, or social. It will be remembered that this fall she tried to enter Harvard law school, but was refused admittance on the ground that the school was not open to women.

One of the first to come to the aid of the striking shirtwaist makers was this young girl, who only last June was graduated from Vassar college. Like Roosevelt, who organized the rough riders to fight Spain, she organized her classmates to fight for the shirtwaist makers. During the early part of the strike she and her faithful band of Vassar girls were on com-

stant picket duty along with those whom they were endeavoring to assist.

Up in Poughkeepsie they still laugh at one incident, which shows the determination of this youthful fighter. Miss Mulholland was even then a strong advocate of woman suffrage and had been instrumental in securing one of the leading English suffragists to address the students of Vassar. A cold dumper, however, was thrown upon her plans when the authorities refused to grant the suffragist the privilege of lecturing in the stately halls of Vassar college. Nothing daunted, an enthusiastic band of students, aroused to a high pitch of excitement, followed Miss Mulholland to the village cemetery adjoining the campus, where, surrounded by the grim new law school, but was refused admittance on the ground that the school was not open to women.

actress and she herself possesses unusual ability as an amateur. During her four years in college she was the leading actor in all theatrical productions among the students. She possesses a striking appearance and led in all college sports. Altogether she presents one of the most interesting figures in the fight for woman's rights.

WALTZING ON THE ICE.

New York.—Ice skating is even more popular than last year. The artificial ice rinks are crowded each night. One of the special features which is proving especially attractive is the fancy waltzing. This combination of grace and skill has won many devotees.

## DAILY DIET HINTS

By DR. T. J. ALLEN  
Food Specialist.

## VEGETARIAN ERRORS.

The vegetarian who wears a holier-than-thou expression because he eats no meat would do well to consider whether his dietary is necessarily superior to that of the man who eats meat, but fewer incongruous mixtures. The attempt to prove that cancer is due to meat-eating has failed as significantly as that to show that tomatoes or other vegetables are the cause of this dread disease. An extremely complex diet may be worse than one consisting largely of meat. The average vegetarian tries to make up for the omission of meat—which many regard as in itself a virtue—by eating superfluous quantities of eggs, milk, nuts and a great variety of vegetables. The exclusive meat cure known as "the Salisbury treatment" has worked wonders in many cases, and is still practiced in this country and in England, not by virtue of flesh, but by virtue of simplicity. Cannibals are immune to cancer and consumption, as the Greenlanders are, not because they live on meat, but because they live on a simple diet.

## Egyptian Embalming.

The modern embalmer is still ignorant of the secret that was so well known to the men of ancient Egypt. The process followed by the Egyptian embalmers is known only in part, the main part being still a mystery. As to the cost of becoming a mummy, Herodotus and Diodorus tell of three modes of embalming prevalent in Egypt, the first very costly, answering to about \$2,000 of our money; the second, \$50; the third within the reach of all.

ORGANIZES WORLD WIDE GOOD CHEER CLUB  
Theodora Carter.

(Staff Special)

Chicago.—Dreary days of convalescence in hospitals, hotels and boarding houses in Chicago are to be brightened by the Good Cheer society. Miss Theodora Carter daughter of T. W. Carter, retired millionaire of Seattle, Wash., who says she is a cousin of W. J. Calhoun, minister to China, came to Chicago last night with news of her plan. After the holidays she is coming back, she says, to organize the society.

Out of her illness at the Great Northern hotel a year ago and the loneliness she felt then sprang the

idea which she has already put into effect in New York, Boston and Seattle. A 28 story building, she says, is to be erected in New York and it is part of the plan to erect a building in Chicago.

"Lift saving stations" are what Miss Carter terms the societies. Little notes of cheerfulness calls, flowers and telephone messages sent to convalescents are the methods of the Good Cheer society. Mark Twain is the only man in the organization. Young women are the workers, dispelling the shadows from the sick-rooms and brightening the lives of the patients away from home.

SOCCER MAY SUCCEED FOOTBALL AS AMERICAN SPORT—PRINCETON SOCCER TEAM, CAPTAIN FRANK OBER IN CENTER, WITH BALL.

New York.—When the football rules committee meets early in January the problem of the game must be threshed out. Football will be modified, that is certain, but just how far will the elements of soccer and rugby be allowed to encroach? This is the question that must be solved, and the task of each member of the rules committee is worse than the congressman from the lonesome district who wants a new postoffice in the lonesomest town. Letters are pouring in thick and fast with the suggestions that the writers think will solve the puzzle that now confronts the football world. Soccer football is fast gaining a

hold in the American colleges. While rugby is the game that has been adopted by the colleges on the Pacific coast, soccer has been developed among the eastern and middle western institutions, and this is the territory in which any game that is to supplant football, if there is, a substitution, must originate.

Just now the revision of football is the problem that is causing college students and graduates worry. At the meeting of the intercollegiate meeting held in New York late in December the problem was passed up to the football rules committee, but with orders to revise and eliminate some of the

dangerous features of the game. Consequently the leading football authorities of the country have been eagerly sought to secure their opinions on the changes.

Introduction of both rugby and soccer features have been advocated in many instances. Rugby is the nearer resemblance to the present American college game in that the ball may be carried by members of the teams. The experts were given an opportunity to see two of the best Canadian teams at this game, after the close of the football season, but the general verdict was that there was not the opportunity for scientific work that the

MANY REASONS FOR  
THE COMMISSION LAW

1. Because government by commission will give more value for every dollar spent.
2. Because the law provides that the commissioners may employ civil engineers or other experts when expert services are needed and only when needed.
3. Because the commission plan of government is a success in 40 other cities and because of the advertising Janesville would get if it took the lead, and because we need a change in government.
4. Because the commission plan of government is wanted by the voters, because 700 voters signed the petition calling for the election Jan. 11th to vote for the commission plan of government.
5. Because the law provides that three men selected by the people at large shall devote their entire time and energy to the affairs of the city.
6. Because the commission plan of government is free from politics and political wire pullers.
7. Because wherever commission form of government has been tried it has cured the evils of the former system of government.
8. Because the mayor or any one or two of the aldermen are powerless to carry on work of bettering conditions under the present system, which could and would be carried on by the commissioners.
9. Because greater benefits are to be derived than just the saving of money, such things as clean, energetic business administration of city affairs, booming and pushing of the town, increasing property values, a government free from politics, are of importance.
10. Because the commission plan of government is adapted to cities as small as 2,000 and as large as Boston.
11. Because the law has been carefully drawn by able men and is as perfect as any law can be, until it is put into effect and tested. If defects appear they can be remedied.
12. Because the law is conceived for the voter as against the politician.

### OUR SATURDAY NIGHT

"Some time you mean to mend your ways."

Why don't you do it now?

You hope to win the whole world's praise—

Why don't you do it now?

You've always read in prose or rhyme "The present is the golden time."

If you are ever going to climb,

Why don't you do it now?

In short, no matter what you've planned,

Why don't you do it now?

If you have work right at your hand,

Why don't you do it now?

Successful men are never late;

You'll fail if you procrastinate,

If you have vowed to conquer fate,

Why don't you do it now?"

—Anonymous.

The new year is still so young that

good resolutions are yet in order, and

the sentiment expressed in this little

poem is worth taking home and adopt-

ing.

The commercial agencies, in compiling

a list of failures for the year,

attribute many causes. They include

disobedience, incompetence, neglect,

recklessness, extravagance, slothful-

ness, and many other things which

undermine fortune and character,

but the one cause which is never men-

tioned is procrastination, and this

cause is overlooked, because it in-

volves no loss except to the individual

who sacrificed his chances to win in

the race by never starting.

Confidence in ability is the power

behind the toiler in every department

of work, and this confidence is in-

spired by experience; not conceit, but

plain everyday confidence is the pas-

sport to employment and the guaran-

tee of success.

The man who waits for a job as en-

gineer may be called on for a letter

of recommendation as to character

and habits, but is never asked, "Can

you run an engine?" That is to say

for granted. He knows all about an

engine and never attempts his ability

to handle one, and the man who waits

his services takes it for granted that

he is competent.

The skilled mechanic, who some-

times takes up the life of a tramp,

walks into an office and applies for

work with all the confidence in the

world in his ability.

He may be unskilled and disbe-

lieved, but if his services are needed he

is set to work and makes good. The

one thing that has staid by him in

his life of wandering is confidence in

ability to perform expert service

when required.

There are not the men who fall

through procrastination. They start-

ed all right and are still going. When

they can't afford a Pullman they are

content with the blind end of a slow

freight, but never short of confidence.

An overstock of confidence is al-

ways better than a limited supply,

because the possessor has a deal

more fun in living, and usually lands

on his feet.

The state of Kansas, for many

years, enjoyed the reputation of be-

ing a freak state, and has not yet

entirely recovered. The early settlers

were educated, intelligent people, who

believed that farm life meant more

than drudging, and so every farm-

house was supplied with the latest

books and magazines, while organs

and pianos were the rule and not the

exception. They organized clubs and

arranged and literary societies, and

the tide of immigration attracted

represented people of similar tastes

and habit of thought.

For a few years they were kept

busy harvesting grasshoppers and

planting mortgages, and during this

period all sorts of theories developed.

The greenback craze swept over the

state like an epidemic, and state

prohibition absorbed attention.

Later, when the grasshoppers had

died and the mortgages disappeared,

the doctrine of free silver consumed

them.

The state today, while one of the

best and most prosperous in the uni-

on, is still the meek for people of

advanced thought and unbounded self-

confidence.

Among the migrants for honors, in

this fertile field, are a lot of boys

fresh from college who have selected

the realm of journalism for their ac-

tivities.

The Emporia Gazette, owned by

William Allen White of national fame

and having on his staff such men as

Walt Mason, prose-poet philosopher,

is much disgusted with this new in-

flux of writers, and says:

"In Kansas, where nearly everyone

thinks he can write, there is more

painful reporting to the square inch

than anywhere else in the world. They

write with their feet instead of their

hands, with particular reference to

observing whatever idea they may

possess in a rank growth of words."

While the Topeka Capital offers this

comment.

"And, hane, silly, meaningless

newspaper writing is epidemic from

Topeka to Coalinga, from Coffeyville

to Hanover. A good deal of it prob-

ably is due to the influx of college

journalists into the business of news-

paper making. The college journalist

usually comes to the job equipped

with a large vocabulary and nothing

else, and he hands the readers of his

paper the only thing he has in stock.

The college journalist isn't to blame;

he doesn't know any better. The fault

lies with the man who hires him.

After a while the college journalist

turns the gas and goes to work on

a bigger paper, and the enterpris-

ing Kansas publishers break in an-

other bunch of graduates."

It will be noticed that these boys,

so freely criticized, went out, and

their success was due to confidence

and a steadfast purpose. They start-

ed in the game, and were not victims

of procrastination.

Young men fall occasionally through

over-confidence, by attempts to as-

sume responsibilities for which they

are not qualified, but this kind of a

failure is infinitely better than the

idly which prevents a young man

from attempting to do anything.

The time to enter the race is today,

not tomorrow. The first opportunity

passed means the passing of many

opportunities, and when the habit of

neglect is fixed the future contains

but little of promise.

The world is waiting for men who

do things and the men who go to the

front are the men who never hesi-

tate to take up the burdens presented.

"The doors of the office of president

of the Rock Island railroad have

just swung open to a new man who

entered quietly, took off his coat, and

went to work. This man, Henry U.

Mudge, was no stranger to the office,

having been second vice-president of

the system for some time, but the

whole railroad was tipped, neverthe-

less, to know what his policy would

be as head of the property.

"Mr. Mudge dismissed speculation

and fears at once by stating simply

that the railroad would be run as a

railroad. The new president has been

educated in the operation of a rail-

road, and not in the machinations of

Wall street. The Rock Island, he

said, will be managed without re-

spect to the clicking of the ticker.

"Mr. Mudge, asked how he had won

his way from track laborer to rail-

road president, said he could point

to no one factor. His conclusions

were expressed in these aphorisms:

"Overwork never killed anybody. It

is the work a man leaves undone and

worries over that kills. Opportunity

may knock several times, but it is the

man who recognizes his opportunity

the first time it presents itself, and

is ready for an emergency who wins.

"The man who is taking the prop-

er interest in his work is not wait-

ing for the clock to show quitting

time. He is so busy that it comes

before he wants it to. I used to be a

"cham" telegraph operator out in Kan-

sas myself, and I believe it is a good

thing for a man to remember his own

experience when dealing with the

shortcomings of others."

Mr. Mudge is a representative of

the class of self-made men who ne-

cessfully so much for themselves, and

whose talents serve to bless human-

ity. He grasped his first opportunity

and mastered the situation, and op-

portunities have been coming to him

ever since.

**DON'T FAIL TO VOTE**

Every taxpayer in the city is di-

rectly interested in the result of the

election next Tuesday.

If the commission form of govern-

ment carries it means more for your

money and a clean and wholesome

business administration.

No voter can afford to be indiffer-

This is a paid advertisement and is paid for by workingmen, merchants and others who have contributed twenty-five cents and upward and who believe in the doctrine of the best government for the least money.

# COMMISSION FORM OF GOVERNMENT

Is it a good thing?

Most assuredly it is.

The cities which have adopted it are among the most progressive in the United States.

Commission form of government is not an experiment, but an assured success as is proven by cities such as Galveston, Texas; Des Moines, Iowa; Cedar Rapids, Iowa; Ft. Worth, Texas; Los Angeles, California; Haverhill, Mass.; Sherman, Texas; Greenville, Texas and thirty other cities. More than 100 cities are preparing for the commission form of government.

Not a single city which has adopted the commission form of government has returned to the old and unsatisfactory previous condition.

No alderman or mayor who has his own private business to look after cannot possibly give the same or sufficient attention to the city's interest that they do to their own private interests. NOR SHOULD THEY BE EXPECTED TO DO SO.

## Commission Form of Government Means:

Better value for the same money or the same value for less money.

Why?

No business of any kind can run with the greatest degree of success where the management is slighted and the business in a measure runs itself. Every alderman in the city of Janesville has his own interests, his own business to look after.

Alderman Dulin is a conductor and is out of the city each day. Alderman Scott is a hustling real estate man—working for Scott. Alderman Kimball is at the

head of a big manufacturing institution and so on throughout the list.

Few alderman are in the council long enough to become entirely familiar with the work or to become experts in the management of city affairs.

An apprentice workman is worth little as compared with a trained workman who has spent years to make himself an expert.

The commissioners holding office would hold it long enough to become experts and like the expert workman should and would give better service than an apprentice learning the business.

The benefits of a commission form of government are so apparent that you wonder why it is that such a businesslike plan is opposed at all.

There is a reason.

In nearly every case it is opposed by those who have political axes to grind or who are directly or indirectly looking for private "favors" and who know that with the present form of government it is much easier to get "favors" little or big, than it would were a city run by those who are accountable only for the entire city.

Just investigate a little on your own account and see if the opposition to the commission form of government does not come from those representing big corporations or political wire pullers who fear for their "favors" or political preferment when handed out on a strictly square deal.

If you want the business interests of Janesville to run on a more businesslike basis, to be more economically managed, to have better streets and secure a bigger value in return for the many dollars of taxes you pay, then vote for the commission form of government.

## WOMAN'S PAGE

## The Evening Chit-Chat

By RUTH CAMERON

If people could only stop wanting to possess things and do things just because other people want them, the world would be a very much simpler and happier place.

Half the dissatisfaction and unhappiness in the world comes from our lacking, not the things we really have a sane, normal desire for, but the things we want because we know other people want them.

If people were contented with the things they themselves really wanted, and didn't strive after the things they want because other people want them, there would be a great many more contented people in the world.

Are you wondering exactly what I mean by wanting things because other people want them?

Well, take the Harvard-Yale football game, for example.

Forty thousand people went to that game last fall. Tremendous prices were paid for tickets. According to newspaper statements, many single tickets brought \$25, several pairs went for \$100 or \$150, and one man who was particularly anxious to have eight seats together paid \$2,000 for the block.

Now, do you imagine that all the people who paid those enormous prices for tickets cared \$50 or \$75 or \$250 worth just to see that football game?

Indeed they didn't. Some may have paid their money because they were that anxious to see the contest between Harvard and Yale, but I am ready to wager that there were a good many people who paid large money for tickets who would not have gone to that game if it had been free. And I am also pretty certain that at least one-quarter of the women who allowed their husbands or brothers or friends to pay so extravagantly for their tickets, permitted it, not because they were so devoted to the game of football, but simply and solely because they knew all their neighbors wanted to go.

If you don't believe that, let me tell you what a girl who traveled from Chicago to Boston just to be present at the great occasion said when I asked her if she were extravagantly fond of football:

"Oh, no; I don't care such a great deal about the game. To tell the truth, I don't understand it very well. I seldom go to a game at home. But you know all my girl friends were just crazy to go to this game, so of course when I had the invitation I just jumped at it."

Of course, that is an extreme example, but I don't believe there are many of us whose pleasure in our possessions and opportunities is not to some degree enhanced by knowing that these possessions and opportunities are also desirable to other people.

If you don't believe that, let me ask a few questions.

Would the little drygoods clerk enjoy her evening at the opera so much if she could not tell about it the next morning to the other less fortunate clerks?

Would a trip abroad be regarded as quite such a desirable thing if anybody could go at any time?

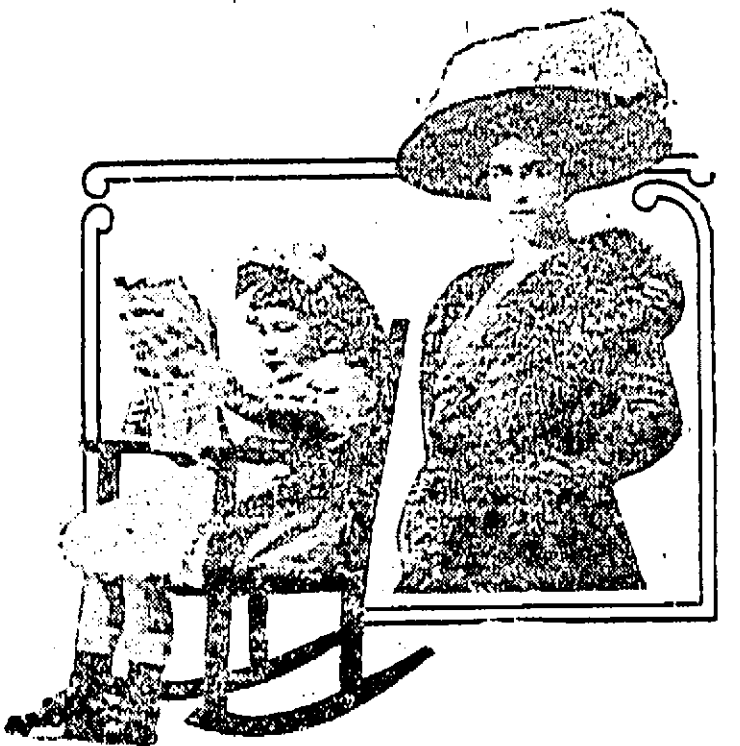

People say they love diamonds just because they are beautiful, but doesn't it seem probable to you that the fact that so many desire and so few can possess these precious stones adds something to their lustre?

The man who has the courage and independence of mind to choose ABSOLUTELY NOTHING of his possessions and opportunities because he himself takes delight in them, and not in the very least because the desire of the crowd has given them a fictitious value, is the man who will get the most possible happiness out of life.

But where is he?

I don't know him. Do you?

Ruth Cameron

Two clever Linguists.  
Martha D'Azzy and her mother,  
Viscountess D'Azzy.

Washington—Pretty little Martha D'Azzy, daughter of Count D'Azzy, attaché of the French embassy, is one of the marvels of Washington. Her accomplishment is the mastery of

three languages. She is barely old enough to talk at all, but she has little trouble in speaking English, German and French with wonderful fluency and purity. Her mother, the Viscountess D'Azzy, is also a linguist. She is a master of seven languages. The D'Azzy family has just arrived at Washington from Constantinople.

black threads. The center of this rosette was a cabochon made of the velvet; from the left side it sprang soft wings in tones of brown and tan.

Effect of Food on Character.  
A scientist has recently been investigating the effect of food, particularly vegetables, on the human character. He affirms that a diet of carrots ameliorates hardness of character and reduces nervous irritability; peas create joyousness, while turnips have a depressing influence. Cabbage is good for pulmonary complaints, while lettuce acts as a sedative upon the human frame, owing to the opium contained in its milky juices.

YOUNG MEN WANTED  
Government Pays Railway Mail Clerks \$300 to \$1,400 a Year.  
Free Scholarships Are Offered.  
Each year holds spring examinations for railway mail clerks in this country.

The job is for life; hours are short, salary twice monthly and vacation. To any young man who has energy enough to pass this is the opportunity of a lifetime. Thousands of appointments are to be made. Common school education is all you need; city and county people have chances. Start to prepare now—free information. Free scholarship this month. Write immediately to Central Schools, Dept. 577, Rochester, N. Y.

In Brown and Blue.  
An exceedingly fetching little hat was sketched recently in an up-to-date milliner's and is presented herewith. This hat would be in keeping with severely tailored suits and particularly appropriate for a youthful wearer. The shape was a tulle crown in the dark blue felt. Blue velvet was twisted around the crown, ending at the front beneath a rosette of heavy tulle, picked out with gold and

ancient use of asbestos.

Asbestos was known to the ancients, who used it in which to wrap bodies previous to cremation, to separate the human ashes from those of the funeral pyre.

Asbestos was known to the ancients, who used it in which to wrap bodies previous to cremation, to separate the human ashes from those of the funeral pyre.

## PERSONAL MENTION.

Miss Mildred R. Johnson of Stoughton is visiting her sister, Mrs. W. W. Dale of Fourth avenue.

A. H. Russ returned to Madison last evening after a visit with relatives in the city.

L. O. Griffith of Monroe was in the city yesterday.

P. H. Kelley of Madison spent yesterday in the city.

S. K. Friend of Milwaukee was a Janesville visitor yesterday.

G. E. Greenwood of Lake Mills transacted business in the city yesterday.

C. O. Halbert of Madison visited in the city yesterday afternoon.

A. C. White of Milwaukee was a business visitor in this city yesterday.

E. G. Borden of Milton was in the city yesterday.

P. H. Schofield of La Crosse transacted business in the city yesterday.

John Stoneberg of Milwaukee was in the city on business yesterday.

Mrs. Florence Spencer attended the joint installation of the G. A. R. and W. R. C. at Clinton, Jan. 6. Mrs. Spencer was the installing officer for the W. R. C.

St. Mary's Roman Catholic church—First mass, 8:30 a. m.; second mass, 10:30 a. m.; vespers and benediction, 7:30 p. m. Rev. Wm. A. Goebel, pastor.

St. Patrick's Roman Catholic church—Corner of Cherry and Holmes street, Denn E. E. Rolley, pastor; Rev. James J. McGonigly, assistant pastor. Benediction at 315 Cherry street. First mass, 7 a. m.; second mass, 9 a. m.; third mass, 10:30 a. m.; vespers and benediction, 7:30 p. m.

St. Peter's English Ev. Lutheran church—Corner South Jackson and Center streets. W. P. Christy, pastor. 1315 Pleasant street. Morning service at 10:30; Sunday school at 12 m.; Luther league at 6 p. m.; vespers at 7 p. m. At 2 p. m. the semi-annual congregational meeting will be held in the lecture room, to which all members are urged to attend.

John's German Ev. Lutheran church—Corner North Third and Penn street. Rev. S. W. Fuchs, pastor. Sunday school at 9:15; morning service at 10:30; annual congregational meeting at 2 p. m.

First Baptist church—J. C. Hazen, pastor. Morning worship, 10:30; sermon subject, "The Blessed Life." All members are asked to be present at this service. Sunday school 12 noon. Young People's Society 6:00. Leader, Mr. Frank E. Badler. Evening service 7:00. Sermon subject, "Elements of Success for the Young Man of Today." Music by double quartet and orchestra. You are invited.

Church of the United Brethren in Christ—Corner Milton and Prospect avenues. Bible school, 10 a. m.; preaching services, 11 a. m. and 7 p. m.; morning subject—"Parable of the Pearl." This is one of a series of sermons on the parables, gospel service in the evening. The Otterbein Brotherhood meets in church parlors Monday evening at 7:30. All men invited. Mid-week service Thursday evening, subject—"The Psalmist." All are welcome to this church.

First Church of Christ, Scientist—Services are held in Phoenix block, West Milwaukee street, Sunday morning at 10:30 and Wednesday evening at 7:45. The subject of the lesson on Sunday morning will be "Sacrament." Sunday schools at 12 o'clock. Reading room open daily, except Sunday, from 2 to 4 p. m.

Howard chapel—Corner of Eastern avenue and South Jackson street. G. L. Howard, superintendent. J. W. Scott, minister. Bible study and Sabbath school, 2:30 p. m.; preaching services at 3 p. m.; sermon subject—"Providence the Defense of Christianity"; consecration service at 4 p. m.; benediction at 4:10 p. m. Mid-week cottage meeting at Wm. Howard's, Milwaukee avenue, on Wednesday at 7:30 p. m. In this cold, stormy weather it will require effort to attend these services, but there is nothing really good ever done without sacrifice, so come and help us worship.

Salvation Army Hall—There will be a special meeting at the Salvation Army Hall, 812 Milwaukee st., Wednesday evening, Jan. 12th, at 8 o'clock, when Major Percy Winton, Divisional Officer for the Army in Wisconsin, with headquarters in Milwaukee, will speak. The Major is a fluent speaker, a good singer and will interest all who come. The subject, "Who Will Be Saved." Everybody is invited to come. Admission free. Capt. and Mrs. Fleming in charge.

Presbyterian church—Rev. J. W. Laughlin, minister. Morning worship, 10:30; sermon subject—"The Secret of a Great Life"; evening worship, 7 p. m., sermon subject—"A Young Man Up Against It." The evening sermons during January will be of unusual interest because of the presence of people who have contributed to their building. Jacob Ellis, Ella Wheeler Wilcox, J. Hamilton Lewis and others have given valuable suggestions about the successors and future of the church.

Episcopal church—Rev. Henry Williams, rector. First Sunday after Epiphany. Holy communion, 7:30 a. m.; morning prayer, 10:30 a. m.; sermon, 10:30 a. m.; evening prayer, 7:30 p. m.; Sunday school every Sunday, 9:30 a. m.

Christ church—The Rev. Jno. Mc-

## MRS. BELMONT URGES STRIKES.

Wants Every Worker of Fair Sex in Gotham to Fight.

New York, Jan. 8.—"I believe the women of this town could win the strike for the shirtwaist makers in its time if they would only stop working for one single day. If every telephone operator, every salesgirl and every servant should suddenly leave her switchboard, her counter, and her kitchen, the strike would be a thing of the past in no time. I wish that this could be done and every woman wage-earner could assert her sex feeling and her womanhood in such a way."

In these words, Mrs. O. H. P. Belmont advocated a novel "war of the women" to bring about an end to the strike of the girl shirtwaist makers in which she and other wealthy social leaders have played so prominent a part.

## CHERRY TREES FOR MRS. TAFT.

City of Tokyo Pays Compliment to President's Wife.

Washington, Jan. 8.—As a compliment to Mrs. Taft, who has a great fondness for the Japanese cherry tree, the corporation of the city of Tokyo has sent to her and to the city of Washington, 2,000 young cherry trees, ten varieties in all, which will be planted along the speedway in Potomac park, one of Mrs. Taft's dearest enterprises.

The shipment comprises flowering and not fruiting trees. The blooms are of many varieties, some like single roses and other like carnations.

## ARCHBISHOP KEANE TO RETIRE.

Will Turn Over Affairs of His Diocese to Others.

Dubuque, Ia., Jan. 8.—Archbishop Keane, who is in ill health, announced that upon the appointment of a coadjutor, which event probably will be announced from Rome within a month, he would retire from participation in the affairs of the diocese turning them over to others.

## Meet Death in Snowslide.

Denver, Col., Jan. 8.—Reports from the mountain districts bring stories of death and suffering caused by the cold and interruption of railroad traffic by heavy snow. Wednesday a snowslide ran in the Carson district near Lake City, killing Jack Bartlett, a veteran miner. A party has been organized to search for Bartlett's body. A report reached Durango that a snowslide carried away the boarding house of the Tom Moore mine, causing a number of deaths. Owing to lack of wire communication this could not be confirmed.

## Trainmen Ask Liability Act.

Springfield, Ill., Jan. 8.—Representatives of the 10,000 Illinois members of the Brotherhood of Railway Trainmen decided to make a concerted effort before the next regular session of the Illinois general assembly to procure the passage of an employers' liability act and a "full train crew" law.

Il. F. Smith of Beardstown was elected chairman of the legislative committee.

## Cider Thirty Dollars a Drink.

East Orange, N. J., Jan. 8.—Thirty dollars per drink for apple cider which cost the retailer 20 cents a gallon is the price which an East Orange policeman has just been forced to pay. The bluecoat was brought up on charges that he had taken four drinks of cider at a local saloon while on duty. He was fined and fined \$120.

## Seen Halley's Comet.

St. Louis, Jan. 8.—Rev. Martin S. Brennan, astronomical instructor at Kenrick seminary, saw Halley's comet through a six-inch telescope, using 214 diameters, a few degrees due east of Argemini (Tammia) and Pegasus. This is the first time the comet has been espied through a small telescope.

## Give Fund for Irish Home Rule.

Tacoma, Wash., Jan. 8.—To aid the liberal party in England at the coming election and thus indirectly to foster the cause of home rule in Ireland, the Friends of Ireland society has been formed here and has contributed \$1,500.

## Woman and Child Die in Fire.

Pittsburg, Pa., Jan. 8.—Two persons were killed, another was injured seriously and 12 others were rescued in a fire which destroyed a frame dwelling occupied by three families of foreigners.

## Venus Outshines "Old Sol."

Rome, Jan. 8.—The remarkable phenomenon of Venus being visible and outshining the sun in the afternoon was observed here.

## Sued for Avoiding Church.

Bellefontaine, O., Jan. 8.—John H. Deglen, a prominent merchant of Versailles, has been sued for divorce. His wife alleges that he refuses to attend church with her.

## Standard Oil Cuts Price.

New York, Jan. 8.—The Standard Oil Company announced a reduction of 15 cents a barrel in the prices of refined oil, making standard white \$7.20.

## That Mighty Pen.

The superiority of pen to nature is continually illustrated. Nature needs an immense quantity of quills to make a goose with, but a man can make a goose of himself with one.—Christian Register.

## Read Advertisements—Save money.

Daughter of American Ambassador, quiet domestic life. When she married the popular Englishman it was generally predicted she would be even more conspicuous in the social life than she had been in the past. But those who have looked forward to the time when Mrs. Ward would rule London society are despairing of her ever coming out as the leading London hostess.

London, England—Since the birth of her child, Mrs. John Ward, who for so many years was one of London's social leaders, has settled down to

## MORE ARGUMENTS! FAVORING CHANGE

HOW THE COMMISSION FORM OF  
GOVERNMENT WILL ACT.

**NEW PHASES ARE TAKEN UP**

Means Bigger and Better Janesville—  
Read the Arguments Carefully—  
They are Convincing.

Janesville, Wis., Jan. 8, 1910.

Editor of Gazette:

In these days we hear much of city  
government by commission. It ap-  
pears to me that any system however  
perfect will not in itself be a guar-  
antee of good government. System is  
but the means to an end. In the last  
analysis we must depend upon the  
people themselves and the men whom  
they elect to office for the success or  
failure of municipal government.

There are, however, important ad-  
vantages to be derived by the adoption  
of system and modern methods.  
Men are quick to introduce them in  
private business matters because it  
pays. For the same reason does it  
not seem likely that a system prepared  
for our legislature especially for the  
government of cities would be better  
than a plan formed more than two  
hundred years ago for the government  
of the nation and subsequently ap-  
plied to cities?

**Who Manage City's Business?**

We are told that the surest way to  
succeed in any business is to con-  
centrate one's whole effort in that  
business and to keep at it all the  
time. The manager or some of the  
directors of a private corporation do  
this. In our city, which is a munici-  
pal corporation, no provision is made  
for any managing officer who will give  
his entire time and attention to city  
business. That function is given to  
the common council, which is com-  
posed of men whose first thought and  
principal work is their own individual  
business.

As a matter of fact they meet once  
in two weeks and in a short session  
dispose of the city's business. They  
may pass ordinances but have not the  
power to enforce them. Such a plan  
is unbusinesslike and altogether in-  
adequate to the needs of our city.  
What we need is a small body of men  
who can work and connect together  
continuously for the best interests of  
Janesville in the same manner as men  
work together in business institutions,  
and with the power necessary to carry  
into effect the business and ordi-  
nances of the city.

The commission plan of government  
applies to the city substantially the  
same principle of management that  
has been used successfully in private  
corporations. A commission consist-  
ing of three men is vested with sub-  
stantially the same powers as those  
possessed by the manager and direc-  
tors of private corporations, and may  
manage and carry on the affairs of  
the city without depending upon the  
favor or good will of some other de-  
partment of city government. It would  
have the power not only to pass ordi-  
nances but also to enforce them.

In a word, the government of the  
city would be placed in the hands of  
three men elected by the people at  
large and with ample powers to carry  
on the business of the city, each of  
which men would have to depend upon  
his individual record and for his re-  
sponsible directly to the people and his  
electors. This is a simple and tried  
plan which has been tried with suc-  
cess in other places. It would be suc-  
cessful if applied to Janesville.

**Advantages of Long Tenure of Office.**  
Stability, uniformity and continued ef-  
fort and cooperation with the public  
are some of the essentials requisite to  
good results in any important public  
work. The term of office of the mayor  
is six years and of each commissioner  
four years. That will insure a more  
permanent body than the present  
common council and give the commis-  
sioners an opportunity to carry on  
to its conclusion any definite policy of  
public work before a change will be  
made in the organization of that body.  
Much public money has been wasted  
by a shifting policy in regard to pub-  
lic works. There are instances of  
such waste in our own city in which  
one council has undone the work of  
another at much expense by a proceed-  
ing in most every block and  
business institution the same men con-  
tinued as managing officers from year  
to year.

Changes are seldom made and then  
only for some special reason. Every  
business man will agree that fre-  
quent changes in management are un-  
desirable and a hindrance to success.  
The same reasons advanced in favor  
of stability in management of private  
business interests will apply to the  
management of the affairs and busi-  
ness of our city.

**Will Competent Men Be Chosen**

As Commissioners?

The commissioners will be elected  
at large by the voters of the whole  
city. I think we may trust our people  
to select good men to such offices. It  
will be difficult to find a more intelli-  
gent body of voters anywhere than in  
Janesville. Men who have traveled  
extensively speak enthusiastically of  
our people and the evidence of edu-  
cation and good citizenship to be  
found on all sides.

A large proportion of our people own  
their own homes and are in comfort-  
able circumstances. In that respect we  
are more fortunate than many other  
cities having a large floating  
population and a large body of voters  
who are not well fitted to exercise  
the right of franchise.

There are plenty of public spirited  
citizens in Janesville who are com-  
petent to hold the office of commissioner  
or with honor to themselves and credit  
to the city at large, and such men  
can be elected to these offices.

Under such conditions we need have  
no fear but that the majority of our  
citizens may be depended upon to  
elect competent and trustworthy men  
as commissioners, and we may confi-  
dently expect under a commission  
plan of government that the affairs of  
our city will be managed in such a  
manner as to reflect credit upon the  
city and our people.

**ANOTHER COMMUNICATION.**

By adopting the commission plan  
Janesville has a chance to command

its own future and lead the way for  
other cities in our state. It has a  
chance to change the present haphaz-  
ard, primitive methods that are  
lacking in good business management.  
To a live, practical business sys-  
tem that is adequate and efficient.  
Surely a business system is not novel  
to any well regulated business or cor-  
poration. But it seems to be a novelty  
to some people, to think of applying  
the same care, time and efficient man-  
agement to the municipal corporation  
of the city of Janesville, that is given  
to every well managed and successful  
business enterprise.

While it is true that some depart-  
ments of our city show less waste by  
reason of better management than  
others, it is a well known fact that  
every department of our city cost too  
greatly improved upon, by giving every  
department more care, time and  
efficient management.

Dear in mind that the waste of a  
dollar in one department affects the  
citizens to the same extent as the  
waste of a dollar in any other depart-  
ment.

Permit me to quote briefly from an  
address made by Governor Hughes of  
New York.

"Inefficiency is simply waste of pub-  
lic money. Taxation to supply waste  
is nothing but taxation. Economy is  
not a popular watchword with the peo-  
ple at large. Campaign talk about the  
extravagance of government has in  
large communities a very limited ef-  
fect, because people generally fail to  
appreciate that they are paying the  
bills."

"If we are to have contented com-  
munities and be free from disorder we  
must stop extravagance and careless  
expenditure and have the public busi-  
ness properly transacted."

"A community well governed in the  
sense that reasonable amounts derived  
by taxation are faithfully and intelli-  
gently expended and will almost in-  
evitably be a community of order and  
peace."

I believe that a majority of the citi-  
zens of the city of Janesville are ready  
to remedy the conditions that now  
exist by adopting the commission plan.  
And if adopted, there will be no  
trouble to elect men who have the  
energy and intelligence to execute  
the plan with justice and equality  
to all.

We are living in a new era, lighted  
by the beacon light of improvement.  
Around that light should cling and  
cluster the best thought and efforts of  
every citizen of our city. Remember  
that in your city and my city, your  
government and my government, it is  
your duty and my duty to add in mak-  
ing this city the best governed city  
that the sun ever shines upon.

Our city government is in need of  
extension, development and improve-  
ment in a well directed, judicious and  
progressive manner. Our city's needs  
are worthy of every citizen's earnest  
and patient study.

Progress is of the future, not of the  
past. Progress is introducing new  
methods, new tomorrow. Progress  
bids farewell to old methods that  
have outlived their usefulness and  
gives, with gladness, methods that  
have for their aim and object the bene-  
fit of our city as a whole, along the  
line of high and progressive standards.  
Municipal government by commis-  
sion can not be condemned to banish-  
ment by ridicule, for the tide of civi-  
lization is not to be stopped or side-  
tracked.

The dawn of a new day for city gov-  
ernment has been ushered in. In the  
words of the poet we may well say:  
"Aid in the dawning, tongue and pen;  
Aid it, hopes of honest men;  
Aid it, paper; aid it, type;  
Aid it, for the hour is here."  
—"PROGRESS."

## WAS MUCH HONORED IN MILTON JUNCTION

[SPECIAL TO THE GAZETTE.]  
Major William H. Morgan, Who Died  
Last Sunday, Held in High Es-  
teem by the People.

Milton Junction, Jan. 8.—Major Wil-  
liam H. Morgan, Civil War veteran  
and one of the early residents of this  
vicinity, passed away at his home  
Sunday evening. A stroke of paral-  
ysis which he had last summer caused  
a gradual fading in health and event-  
ually brought about his death. The

W. H. MORGAN

One of Milton Junction's Oldest Resi-  
dents, who died last Sunday, Janu-  
ary 2. Burial with Masonic cere-  
monies took place Wednesday.

deceased was about eighty years of  
age at the time of his death. He  
was born in Danvers, Essex county,  
Mass., March 31, 1830, but when he  
was thirteen years of age his par-  
ents moved to Lowell, Mass., where  
his education was completed. He  
learned the painter's trade and  
worked at it for some time in Adrian,  
Mich., and various other places until  
the Civil War broke out. When Lin-  
coln issued the call for volunteers  
he enlisted in the Seventh Wisconsin  
Regiment as a member of Company  
B. The regiment went into service  
in May, 1861. In the battle of Gaines-  
ville in 1862 he received a wound  
and was taken off the field as a pri-

soner of the Rebels. He was after-  
ward paroled and after being in the  
hospital for several months rejoined  
his regiment. He served in various  
campaigns during the War, being ad-  
vanced until at the close he was a  
Major. He was mustered out of ser-  
vice in June 1866.

Before the close of the war Major  
Morgan had purchased a farm in the  
town of Milton and when hostilities  
ceased, he moved onto this. On Jan.  
27, 1865 he was married to Miss L. H.  
Maas. One child was born to them,  
Benjamin P., who died just after com-  
pleting school work. Mr. Morgan was  
a Mason, and was held in high es-  
teem in the various orders of which  
he was a member.

He held membership in Patton  
Lodge No. 63, Elgerton; Janesville  
Chapter, No. 5, Janesville; Janesville  
Commandery No. 2, I. O. O. F. S. R. S.,  
Janesville; and Relief Temple, A.  
O. N. M. S., Milwaukee. The com-  
mandery degrees were conferred upon  
him in company with S. C. Chambers  
at Milwaukee in the class of 1897.

He was a loving father and an  
honored citizen. His loss is mourned  
by his wife, a daughter, Lydia, a  
sister, Mrs. Ezra Goodrich of this  
place, and a number of other relatives.

The funeral services were held from  
the Milton Junction M. E. church  
Wednesday afternoon and were in  
charge of Janesville Commandery  
Knights Templars, D. Quincy Grubbs,  
commander, and W. A. Doid, com-  
mander, Janesville, officiating.  
The funeral address was  
given by Rev. McLaughlin, pastor of  
the Universalist church at Stoughton.

The bearers were W. C. Welch, Geo.  
M. Welch, W. A. Doid, A. O.  
Henderson and Archie Cullen  
members of the local Masonic lodge.  
The honorary bearers were C. C.  
Clarke, J. A. Paul, Samuel Bond, S.  
G. Bond, Ira Bell and John Arnold.  
Mr. and Mrs. George Rice of Mil-  
waukee and Mr. and Mrs. W. W.  
Wills of Janesville, were relatives  
here from a distance to attend the  
funeral. H. W. Morgan of Minne-  
apolis and E. W. Morgan of Blue  
Earth, Minn., nephews of the deceased  
were delayed by blocked trains and  
reached here too late for the services.

## TOBACCO MARKET IS INJURED BY STORMS

Glizzard of the Past Week Has Done  
Serious Damage Throughout  
the State.

The state has been so thoroughly  
in the embrace of the blizzard of the  
past week as to permit of but little  
news in the tobacco market, says  
the Edgerton Tobacco Reporter. The  
movement in the country districts has  
been almost impossible owing to the  
condition of the country roads and  
deliveries have been interfered with  
for a similar reason. The work of  
stripping is also tied up and business  
all along the line seems to be wait-  
ing for the return of milder weather.

There are some indications that  
the American Tobacco Co. have about  
filled their orders for cheap grades  
that have been taken over liberally  
the past few weeks, and are with-  
drawing their buyers.

Small orders embrace the transac-  
tions in cured leaf so far as come to  
notice. H. T. Sweeney shipped a com-  
plete carload of the new crop in the  
humble to Pennsylvania during the  
week.

Warehouse handling is pretty well  
under way in this market, a half doz-  
en more firms opening their sorting  
rooms during the week with bundles  
stock on hand to continue until more  
of the crop is received. As the de-  
liveries proceed it becomes evident  
that there is more shed damage to  
the crop than was expected that will  
owing to the tie-up of railway traffic  
occasion some unpleasantness in the  
settlements.

The shipments out of storage have  
dropped almost to a nominal amount  
owing to the tie-up of railway traffic.  
Enough of the new crop has been  
delivered to indicate that there are  
some disappointments in store for the  
packers which seem likely to be  
shared by the growers as well when  
the tobacco that looked so promising  
when purchased in the field comes to  
be settled for at the warehouse. A  
few more crops show more or less  
dark burn and deductions are demand-  
ed on that score. Where this occurs  
careful assorting is necessary which  
means additional expense to the pack-  
er if the tobacco is cleaned properly,  
besides there will be more or less fric-  
tion in arriving at a basis for settle-  
ment. There are other imperfections  
too that are not pleasing to meet,  
such as unripe tobacco, heavy stems  
and pole rot, that packers are likely  
to balk at receiving at the contract  
price agreed upon for sound leaf. It  
is not unlikely that packers will be  
sitting on holding back a portion of the  
purchase money on crops which do  
not come up to contract specifications  
and that they are not over the tables  
and the amount of imperfections de-  
termined. We have it from some of  
the packers that having agreed to  
pay good prices for tobacco, that  
comes up to the usual contract re-  
quirements they have reason to ex-  
pect that only such tobacco as meets  
them will be taken at those figures,  
and if the tobacco comes to them un-  
sound or not in packing condition a  
reasonable allowance should be made.

It is an unfortunate condition for  
which the purchasers can hardly be  
blamed. Just what proportion of the  
crop will meet up with these differ-  
ences cannot yet be told, but enough  
is already known to show that receiv-  
ing of the new crop will not be a  
most pleasing job this year.

## NEW STATUTES ARE ALL NOW IN EFFECT

Revised Federal Laws Become Oper-  
ative With the New  
Year.

With that din of gun and bell, and  
shriek of whistle, which ushered in  
the new year came into effective ex-  
istence a lot of new federal statutes,  
many of which are the work of the  
John congressional committee on re-  
vision of the laws and appear in the  
net to codify, amend and revise the  
laws of the country. With the new  
year several important new laws and  
revisions and amendments of old laws  
appeared for the first time on the  
statute books.

Most of the enactments which effect  
radical changes on the laws are  
amendments to existing statutes.

Probably the most important one  
becoming operative with the new year  
is a penal statute which forbids any  
national bank to make a money con-  
tribution of any kind in connection  
with an election to a political office.  
Another clause of this statute says  
that it shall be unlawful for any cor-  
poration to make a money contribu-  
tion in connection with any election  
at which presidential electors, vice-  
presidential electors, representatives  
or United States senators are to be  
voted for.

If a corporation violates this law it  
may be fined \$5,000, and the corpo-  
ration officer making the contribution  
may be individually fined \$1,000 and im-  
prisonment in a penitentiary for one  
year. The national lawmakers believe  
that this statute will effectively break  
up the practice of corporation con-  
tributions to congressional funds.

**Hits the "Blind Tiger."**

An effort has been made by con-  
gress to protect prohibition states  
from interstate trade in alcoholic  
liquids within their borders, sent in  
from "wet" states. A new statute  
forbids railway employees, express  
company employees or persons work-  
ing for other common carriers deliver-  
ing alcoholic liquors of any kind other  
than to the person to whom the ship-  
ment is consigned. A fine of \$5,000  
with two years' imprisonment is the  
penalty for the violation of this law,  
which is designed to abolish the "blind  
tiger" business hitherto carried on  
through express offices in prohibition  
states. Every package of spirituous  
liquors must also be plainly marked  
to show just what it is. If it is whis-  
key the law declares it must be so  
labeled.

**Other Changes of the Law.**

Among the amendments to existing  
statutes are revisions of the treason  
laws and other offenses against the  
government, including filibuster,  
criminal correspondence with foreign  
governments by citizens of the United  
States, and offenses against the neu-  
trality of our government.

Offenses against public justice, in-  
cluding bribery of judicial officers and  
perjury, are provided for in the re-  
vision of statutes which already ex-  
isted, the penalties being made more  
severe in nearly every case.

Statutes on counterfeiting are made  
more stringent, the postal laws are re-  
vised in many clauses. There are re-  
visions of the laws governing foreign  
and interstate commerce. Penalties  
and admiralty regulations have also  
received attention in various revisions  
of existing laws.

All of the foregoing changes in the  
laws are provided for in one general  
act, which was approved by President  
Roosevelt March 4 last, and became  
effective Jan. 1, 1910.

## FOURTH MEETING OF THE TWILIGHT CLUB

Subject Will Be "Industrial Edu-  
cation"—Exhibit Will Illustrate  
Work of Local Schools.

In order to give the members of  
the club a concrete illustration of  
this subject being accomplished, an ex-  
hibit from the city kindergarten,  
manual training, drawing and domes-  
tic art departments has been arranged  
and will be shown at the next meet-  
ing of the Twilight club on next Tues-  
day evening.

The meeting, which is the fourth for  
this season, will be held as usual in  
the auditorium of the Y. M. C. A. and  
will be led by Dr. S. B. Buckmaster.  
The following subjects will be dis-  
cussed, relative to the general subject  
of the meeting, "Industrial Education."

"What is meant by Industrial Edu-  
cation?"

"Industrial Education from the Man-  
ufacturer's Viewpoint."

"What is being done for Industrial  
Education by the Federal Govern-  
ment?"

"What is being done by the States,  
especially Wisconsin, and for local  
schools?"

**GENERAL DISCUSSION.****REAL ESTATE TRANSFERS.**

**Woman Killed by a Train.**  
Chicago, Jan. 8.—Mrs. Elizabeth  
Kimball, wife of a prominent contract-  
or of Highland Park, and a teacher in  
the John Sexton school in this city,  
was struck by a Chicago & North-  
western train and instantly killed. Mrs.  
Kimball stepped from behind a freight  
train into the path of the passenger  
train.

**Work for City Fifty Years.**  
New York, Jan. 8.—Two New York  
park employees have completed half  
a century in the service of the city.  
Philip Holmes, superintendent of the  
Central park manager, and James  
Conway, park shepherd, were appoint-  
ed in 1860, when they were boys.

**TO CURE A COLD IN ONE DAY.**  
Take LAXATIVE BROMO Quinine Tablets.  
Druggists refund money if it fails to cure.  
P. W. GROVE'S signature is on each box.  
25c.

## NO BANK CHECK FOR LESS THAN DOLLAR

Such Has Been the

## FORTY YEARS AGO

Janesville Daily Gazette, January 8, 1870.—Oak Hill Cemetery Meeting.

The annual meeting of the Oak Hill Cemetery association transpired at the Common Council rooms last evening. Hon. James Sutherland in the chair. Dr. J. L. Harrows as Secretary.

The reports of the trustees to the stockholders showed that over \$400 have been expended the past year in improvements to the grounds, and that whatever of outlay the receipts will admit of is expended in this direction. There is at present nearly \$500 in the treasury which will be properly laid out when the season arrives.

Three trustees were elected, or rather three old ones were re-elected—Messrs. J. R. Pomeroy, L. J. Harrows and J. W. Storey.

The stockholders directed the trustees to instruct their action to open the gate for the admission of strangers who may desire to drive into the cemetery grounds.

Immediately after the adjournment of the stockholders' meeting there was a meeting of the Board of Trustees which elected the following officers: President—J. L. Kimball, Secretary—J. L. Harrows, Treasurer—J. C. Jenkins.

Jettings.—Some fruit surprises parties have been inaugurated in the city. One of them in the Fourth Ward last night. The guests held their noses, but didn't need to turn their stomachs as the fruit did that for them.

We saw at Central's yesterday a fine sample of best sugar just received from the Pond du Lac factory. It was a specimen of coffee sugar looking nearly as white as that made of cane, and tasting quite as pleasant.

A boy was taken out of the theater last evening, in a fit.

## News From the Suburbs

**SIX CORNERS.**

Six Corners, Jan. 8.—August Frank had the misfortune to have one of his ribs broken last Wednesday by the kick of a horse. Dr. Coon of Milton Junction was called to attend to his injury.

Mrs. E. C. Gray and son Henry were guests of her parents at Mauston a portion of last week.

James Manogue recently entertained a cousin from Hebron.

John Jennings has purchased the Garlock farm of forty acres in the town of Lima.

Owing to the bad condition of the roads our rural mail carrier, F. H. Clifford, failed to make his trip last Wednesday.

The families of W. P. and H. S. Smith were entertained at Mrs. E. C. Gray's on New Year's day.

Harry Smith and Henry Gray went on a fishing excursion last Monday at Lake Koshkonong and returned home Wednesday, bringing with them a number of fish that were brought home, it was too cold to bite.

**CAINVILLE CENTER.**

Cainville Center, Jan. 8.—The worst storm of the season came Tuesday and Wednesday which blocked the roads and caused a delay in all traffic.

The farmers are very busy today (Thursday) with snow plows and shovel breaking roads.

On account of the condition of the roads the Holmes Union at Mrs. Alma Andrews was postponed until Thursday, Jan. 13th.

Miss Carrier Charles Weaver was unable to make his daily trip Wednesday and Thursday.

Frank Bennett went to Chicago the first of the week with a carload of sheep.

Howard and Brigham shipped stock from here to Milwaukee Monday.

Mrs. Will Honeycutt is confined to her home with illness.

Dr. Lacey was called to see Mrs. McGuire Thursday. She fell and fractured her wrist.

## BACKACHE GOES AND KIDNEYS ACT FINE AFTER TAKING A FEW DOSES

Out-of-order kidneys are regulated and the most severe bladder misery vanishes.

No man or woman here whose kidneys are out-of-order, or who suffers from backache or bladder misery, can afford to leave Pappe's Diuretic untried. After taking several doses, all pains in the back, sides or loins, rheumatic twinges, nervousness, headache, sleeplessness, inflamed or swollen eyelids, dizziness, tired or worn-out feeling and other symptoms of clogged, sluggish kidneys simply vanish.

Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery ends.

The moment you suspect the slightest kidney or bladder disorder, or feel rheumatic pains, don't continue to be miserable or worried, but get a fifty-cent treatment of Pappe's Diuretic from your druggist and start taking as directed, with the knowledge that there is no other medicine, at any price, which is so harmless or will effect so thorough and prompt a cure.

This unusual preparation goes direct to the cause of trouble, distributing its cleansing, healing and vitalizing influence directly upon the organs and glands affected and completes the cure before you realize it.

A few days' treatment of Pappe's Diuretic means clean, healthy, active kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pappe, Thompson & Pappe, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pappe's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

Just a little nick out of the enamel of a tooth made by cracking a nut in the mouth may spoil a tooth forever. When you have nuts to crack use a hammer or a nut cracker and save your teeth.

Use the Nut Cracker.

## COAL FAMINE IN IOWA, CARS ARE CONFISCATED

Factories and Schools Throughout State Are Forced to Close—Many Men Idle.

Des Moines, Ia., Jan. 8.—Because of lack of coal a crowd of citizens of Missouri Valley, Ia., raided the coal yards of the Chicago & Northwestern railroad at that place and confiscated several cars of coal for fuel in the heating plant which provides heat for the town.

The plant had been compelled to close down, and citizens were actually suffering from the cold. The state railroad commission at a meeting sent telegrams to the presidents of all roads operating in the state, asking them to abandon passenger traffic until the coal famine could be relieved. The Rock Island has already unlimbered several passenger trains, and other roads will follow suit. If necessary, all passenger service will be abandoned.

At Clinton several factories closed down for want of fuel, and 400 men are out of employment. In Des Moines the Iowa Pipe and The Company and the Sterling Paper Box Company are playing several hundred men and girls closed. Schools all over the state are closing. Other big concerns here will close unless relief comes soon.

## CANNON DEFEATED 149 TO 145

Speaker Is Overruled When He Attempts Name Pinchot Committee.

Washington, Jan. 8.—Speaker Cannon was rebuffed and repudiated by the house of representatives over which he has so long ruled.

With 149 yeas to 145 nays, the house declared that its members of the joint committee to investigate the Ballinger-Pinchot scandal should be elected by the house itself, and should not be appointed by the speaker.

What was most significant about the successful insurgent action, was that the insurgents were really reaching for the president over the shoulders of Speaker Cannon. Twenty-six Republicans joined with 123 Democrats to accomplish the speaker's defeat and thereby served notice upon the president that they are ready to stand up and be counted in favor of Pinchot and against himself and Secretary Ballinger whenever votes are necessary.

## TWO SMUGGLERS PLEAD GUILTY

Woman Dressmakers Pay Fine of \$7,500 Each.

New York, Jan. 8.—Mary K. Weber and Catherine Schwarz, who manage a dressmaking establishment in Chicago under the name of Mme. Whitmore, were arraigned before Judge Hoogh in the criminal branch of the Circuit court for complicity in the sleeper trunk smuggling cases.

On their plea of guilty they were fined \$7,500 each which they paid and departed.

United States District Attorney Wiles said that during the last four or five years these women had brought in more than \$100,000 worth of goods and paid duty on only \$40,000 worth.

The "sleeper trunk" smuggling cases grew out of the exposure of a widespread plot to defraud the government out of thousands of dollars in custom duties.

On a Stormy Passage.

Highland Ferryman (during momentary lull in the storm): "I'm thinkin', sir, I'll just tack yer face; there's no sayin' what might happen to us."

## The Optimist's Corner

Daily Helps to Health and Happiness.

By GEORGE F. BUTLER, A. M., M. D.

Have you had disappointments, doubts, sorrows, troubles? So have we all. They are the weeds that grow in all highways. We may be unable to pull these rank growths out by the roots and cast them from us. We may not be able to forget the past entirely. But we are under no compulsion to make for ourselves needless burdens. No one escapes trouble; so that you have no monopoly in suffering. But, just as none goes unscathed, so it is true that no one is afflicted with all the troubles of the world. We have our compensations; those who have known misfortune and disappointment are often given ample opportunities and larger compensations. Don't whine! If the world buffets us let us not be utterly cast down. We will wrest its good opinion, its golden fruits, from it yet. We will at least not throw the orange away until we have squeezed all the juice out of it. "Make the best of things." This homely phrase is, after all, the alibi of life. It is the faculty of seeing some good—of drawing some inspiration from the most hidden source, that makes life endurable, that glories it. If you are unsatisfied with your achievements, you can still find your reward in your home, your friendships, in the enlargement of your charities and in the misfortunes you have escaped.

## Alberta Barley the Best

Prof. Elliott, of the Montana Agricultural College, Bozeman, Montana, recently inspected Gallatin Valley barley which this year was imported from Montana and sown at Stratmore. He is enthusiastic over the possibilities of grain in the Bow River Valley. "This year's crop average is 54 lbs. to the bushel and shows such an improvement over the parent seed that there is a marked desire to increase the area of the district to give Alberta grown cereal the distinctive name of Bow Valley barley."

The fame of this grain has reached even Scotland where the brewers, although able to secure large quantities of Gallatin Valley barley come to this district and secured all the available supply.

It is realized that the heaviest yields and best quality will be secured from the irrigated lands of Southern Alberta. This statement is borne out by the 1909 report of Supl. Fairfield of Southern Alberta's Experimental Farm testing on plots that were irrigated and those dependent upon natural rainfall showed the following results:

Barley (Two-Rowed), Irrigated.		Average Yield.	
Yield 1909.		bush.	lbs.
68	36	66	0
64	18	67	8
Non-Irrigated.		bush.	lbs.
43	36	49	28
35	0	42	14

—The Standard, Stratmore, Alberta.

You can make a home in Sunny Southern Alberta where all crops are "Best Crops." The land is very low.

## WILL INTRODUCE TAFT BILLS.

Townsend (Mich.) Is Selected to Lead Fight in House.

Washington, Jan. 8.—President Taft has selected Representative Charles E. Townsend of Michigan to lead the fight in the house for enactment of his bills carrying amendments to the interstate commerce and Sherman anti-trust laws. The bills will be introduced and referred to the committee on interstate and foreign commerce, of which Townsend is a member.

## RECALLS BARON DES PLANCHES.

Italian Government Is Preparing to Withdraw from Triple Alliance.

Washington, Jan. 8.—Baron Des Planches, who is succeeded as Italian ambassador by Marquis Confalonieri, is recalled by his government to undertake a delicate diplomatic mission as the royal commissioner to bring about Italy's withdrawal in 1912 from her alliance with Germany and Austria.

## Karl Hau Attempts Escape.

Stuttgart, Germany, Jan. 8.—Karl Hau, former professor of Roman law in George Washington university, Washington, who is serving a life sentence for the murder of his mother-in-law, Frau Meitner, in 1908, made an unsuccessful attempt to escape at Bruchsal, Baden. A warden's dog upset the prisoner's plan.

## Gale Hits Canary Islands.

Las Palmas, Canary Islands, Jan. 8.—A violent gale devastated the entire island of Gran Canaria, destroying many houses and ruining banana and other crops. The damage done is estimated at several millions.

## Eats 30 Eggs in 22 Minutes.

Boston, Jan. 8.—Thirty scrambled eggs devoured in 22 minutes was the record set in the Technology union by George Churchill Kennedy of Brookline on a bet with a classmate.

## Battleships Sail for South.

New York, Jan. 8.—The third division of the Atlantic battleship fleet, under command of Rear Admiral Schroeder, sailed for Hampton Roads.

## Laborious.

Why do we labor in this world? The attainable nobody wants; the unattainable nobody can have.—Smart Set.
